Creative Sculpture!

MONDAYS: Jan 23rd - Mar 19th (no 2/20)

2:30-3:30pm K-5th Graders

Cost: \$96 for 8 weeks

Using Polymer clay, Sculpture teaches the principles of sculpture and relief, and then allows the students to explore molding and sculpting with various media, such as aluminum and wire. Students learn how to make beads, millefiori canes, jewelry, figurines, hair ornaments, picture frames, amulets and more. Students can even assemble larger pieces from the smaller ones they have created. There is a \$25 materials fee for this class.

Lego Robotics Engineering!

TUESDAYS: Jan 17th - Mar 20th

1:30-2:30pm K-5th Graders

Cost: \$120 for 10 weeks

Challenge your creativity and intellect while learning the basics of engineering and physics! Students are given new and different projects every week to build, test and modify as they graduate to the next level of engineering comprehension. This class is as fun as it is inventive! Multi-model Lego and K'nex building sets, loaded with parts and lots of building ideas ranging from beginner to more challenging, to inspire your child's imagination! New and continuing students welcome!

Harry Potter MatheMagic!

WEDNESDAYS: Jan 18th - Mar 21st

2:30-3:30pm K-5th Graders

Cost: \$120 for 10 weeks

MatheMagic is mystifying and FUN!! Math tricks that will delight your kids, especially when they ask YOU to figure out answers at home! They will be amazed at how magical MATH can be. We incorporate our own Hogwarts School of Mathemagic into our program, like 'Harry Potter's Abracadabra', 'Malfoy's Subtraction Sorcery', and 'Hermione's Crystal Ball Trick'. Your kids will be excited trying to stump you, and you will be excited that they are having fun in Math! New and continuing students welcome!

**Registration starts
December 1st!**

(Deadline to enroll: Monday January 16th)
